Work Experience

Quality Assurance Technician, Testronic Aug 2024 — Present

- Conducted all daily communication in English, collaborating effectively with team members and management in an international work environment
- Utilized project tracking tools (e.g. JIRA, Redmine, TestRail) to log issues, monitor progress, and maintain transparency with team members
- Managed timelines for test execution, prioritizing tasks to meet deadlines in high-pressure, fast-paced environments
- Adapted quickly to changing project requirements, learning new tools and workflows across diverse teams and development environments
- Authored detailed and actionable bug reports, allowing swift resolution by development teams

Junior IT Specialist, Welcome Airport Services Jun 2023 — Aug 2023

Junior IT Specialist Intern Oct 2022 — Nov 2022

- I co-managed and contributed to the successful execution of a key project focused on setting up a new working space for airport flight coordinators and supervisors
- Applied problem-solving skills to identify and resolve technical issues promptly
- Installed and maintained software and hardware systems to optimize performance
- Designed and implemented part of a local computer network
- Demonstrated strong performance and reliability, leading to a full-time position after the internship

Computer Technician Intern, Płatek Nov 2021 — Dec 2021

- Identified and resolved issues with laptops and desktop computers
- Installed and configured software and operating systems
- Conducted troubleshooting and performance tests to ensure optimal performance
- Replaced or installed new computer components, extending their lifespan

Personality

Key strengths

- 1 Cooperativeness** I'm a team spirit and always willing to help out others and contribute to group projects.
- 2 Directness** I am direct, honest, and transparent in my communication and actions.
- 3 Curiosity** I'm constantly seeking new knowledge and experiences to improve my skills.

Motivators

- Cooperativeness & Self-appreciation**
- Emotionality & Temperamental**
- Practicality & Realistic approach**

I appreciate **teamwork and cooperation**. **Attention to detail** keeps me away from mistakes. I value **practical solutions and proven methods**.

Communication style

- Professional** I communicate clearly, using formal or semi-formal language.
- Direct** I'm transparent about what I think and feel.

Company culture

- Flexible** where people can bring their true selves to work and there is freedom of how work is done.
- People-oriented** where it is important to maintain a healthy work-life balance. New hires get numerous benefits and working overtime is uncommon.

Work values

- Achievement**
- Support**
- Relationships**

I appreciate **personal accomplishment**, the possibility to **work with others**, and **confidence**. I may be ready to sacrifice recognition and personal comfort and be prepared to follow detailed rules. To find satisfaction, I take care to pick a job that is **challenging** and provides enough **interaction with others** and **support**.
